NOTICE OF PROPOSED AMENDMENT TO THE LAND USE BY-LAW

Ponoka County Council is considering adding a new section to the Land Use By-Law that would replace its aged Rock Concert By-Law.

The “Special Events” section addresses any temporary public or private event that is not part of the existing use of the site, such as parades, festivals, trade shows, exhibitions or recreational competitions. Small scale events may not require a permit at the discretion of the Development Authority.

Before making a decision on the Special Events section, Council will hold a public hearing at which any person may ask questions or state their opinion. This hearing will be held at 11:15 a.m. on July 23, 2024 in the Chambers of the Ponoka County Office, 4205 Highway #2A in Ponoka.

The proposed by-law may be seen at the County Office or will be mailed, emailed or faxed to anyone who requests it. You may forward your comments/concerns prior to the hearing by phone, fax or email as noted below.
